Learn English and have a unique Irish experience.. never to be forgotten!!!!

About O'Grady School...

Family run by
Mary and John O'Grady.

O'Grady School is based in small rural communities in Co. Limerick, Ireland. We run summer English language courses which cater for boys and girls aged 11-17.

Our school is run on the principle of "full immersion". Students stay with local host families and are completely involved in daily life of the family, neighbouring families and the wider rural community.

Many students return year after year, and we have a return and referral rate of 95%.

- Small class size, mixed nationality
- Placement test on arrival

An Unforgettable Experience...

There are structured English classes every week day, and each class includes a number of Irish teenagers, who become friends with the students. All teachers are fully qualified native speakers.

We have a programme of afternoon and evening activities, and a disco on Friday night. Each weekend there is one full day excursion to places of interest; Dublin, Killarney, Cliffs of Moher, Ballybunion.

Full immersion in rural Irish community

All inclusive course fee

Accompanied flight options are available on request, from main European airports. Transfers from Dublin or Cork airport are included in course fee.

Fun and learning guaranteed!!
